New Digital Signage Mount Series from Premier Mounts Defies Gravity

Elliptical Ceiling Mount Series suspends flat-panel displays from ceiling while accommodating power and accessory needs for digital-media players

ANAHEIM, CALIF. (April 20, 2009) – Look up. Flat-panel displays are now mounted everywhere from the floor to the ceiling. What was once a custom mount job, Premier Mounts (www.mounts.com) has universalized. The Elliptical Ceiling Mount Series (ECM) easily integrates flat-panel TVs, digital-signage media players and AC power boxes on to the ceilings of restaurants, hotels, casinos, businesses and retail locations.

Whether you want to mount a single flat-panel, mount two flat-panels back-to-back, or up to four flat-panels in a 360 degree ring, Premier Mounts has a solution to fit your needs.

“The need for digital signage mounting solutions is increasing. Flat-panel displays are being incorporated into more venues and settings than we ever saw before,” said Jason Cole, product marketing manager at Premier Mounts. “We have developed many custom mounts to meet size, weight and ceiling height specifications – all tailored for a specific customer and installation. By creating a visually appealing, streamlined, universal ceiling mounts with integrated power boxes and optional accessories for digital-media processing equipment, we are saving customers time and valuable resources, yet providing them a ‘custom looking’ solution.”

Adapting to standard 1.5-inch NPT, the ECM Series includes mounts for single, dual, triple and quadruple 37-to 63-inch flat-panel displays. Incorporated boxes house power outlets and optional brackets for digital media players and fit many of the latest digital signage sources on the market such as the Enseio HD 2000, Mac mini and small PCs including the MultiView™ AK1000 DP.

Perfect for digital signage in restaurants, hotels, casinos, theaters or schools, the Elliptical Ceiling Mount Series features:

- Fit 37- to 63-inch flat panels

- Fits mounting points from 225 x 225 mm through 870 x 500 mm (width x height)
- Adapts to standard 1.5-inch NPT
- 10° continuous tilt
- Cable management/concealment
- No exposed holes, mounting screws or hardware
- Integrated boxes house up to four outlets
- Features a textured black finish
- Optional adapters for signal converters, file servers and A/V equipment mount directly to the frame

The Elliptical Ceiling Mount Series and adapters are available for purchase at www.mounts.com or through a certified Premier Mounts dealer. Single mount (ECM-3763S) MSRP: \$400; back-to-back mount (ECM-3763D) MSRP: \$860, triple mount (ECM-3763T - call for pricing) and quadruple mount (ECM-3763Q – call for pricing). ECM series can hold some displays larger than 63 inches, but may require specialty adapters. Call for details and pricing.
