Premier Mounts Supports the Pro A/V Industry and Digital Signage Needs at InfoComm 09

Premier Mounts to provide mounting solutions for more than 70 flat-panels at InfoComm 09 including the Digital Signage Application Showcase

ANAHEIM, CALIF. (May 8, 2009) – For the third consecutive year, [Premier Mounts](#) (www.mounts.com), a leading manufacturer of A/V mounting equipment, will provide mounting solutions for the International Communications Industries Association (ICIA) booths, common show-floor areas and the Digital Signage Application Showcase during [InfoComm 09](#), June 17 -19, at the Orange County Convention Center in Orlando, Fla.

As the sole supplier of flat-panel mounts and floor stands for InfoComm 09 show needs, Premier Mounts' products will be instrumental in showcasing current and future technology, as well as providing valuable show information to attendees. A total of 70 flat-panels will be displayed using a wide variety of Premier Mounts' mounting solutions, from digital signage carts to articulating wall mounts.

“Throughout Premier Mounts' history, we've worked closely with Pro A/V dealers to develop mounts that meet a wide range of universal requirements while maintaining a high level of quality and design integrity,” said Len Dozier, president and founder of Premier Mounts. “Our ability to provide mounts needed by InfoComm is a testament to our dedication to the Pro A/V industry and ICIA's continued success.”

Premier Mounts is providing [universal and dedicated mounting solutions](#) to InfoComm to support the information needs for both the conference and exhibition. The mounts will be primarily used in common attendee areas and educational training sessions.

To get an up-close look at the products Premier Mounts showcased at InfoComm, visit booths 4528 and 2579 to get a hands-on demonstration of the company's innovative solutions.

About Premier Mounts

Premier Mounts was founded in 1977 as a sales and marketing company introducing new products into the broadcast/industrial television and audio/visual industry. Today, Premier Mounts is one of the world's leading manufacturers of projector, plasma, flat-screen and TV mounts. Pioneering the concept of a universal mount, Premier Mounts is known for its unmatched quality and exclusive lifetime guarantee. For more information on Premier Mounts, please visit www.mounts.com
