

Plenum Rated False Ceiling Equipment Storage Series

Model: **GB-AVSTOR3, GB-AVSTOR4, GB-AVSTOR5**

Weight Capacity: 50 lb / 22.7 kg.

Features

- 1** Plenum rated to Intertek ETL listing, conforming to UL Standard 2043
- 2** Locking door panel keeps A/V equipment safe
- 3** Fits in standard 2 x 2 ft. or half of 2 x 2 ft. ceiling tile
 - Multiple knockouts for flexibility when running power or signal cables
 - Includes quick-locking cable system for fast installation
 - Eliminates the need for an A/V rack in the room
 - GB-AVSTOR5 features four internal and two external power receptacles, a 1.5 in. NPT pipe coupler, and one external master power on/off switch

The GB-AVSTOR False Ceiling Equipment Storage series stores A/V and IT components above the false ceiling to provide a clean, organized room environment. The line replaces 1/2 or 1 full ceiling tile, with a perforated lid that looks like a standard HVAC return register when closed. The compact GB-AVSTORs extend the lower room area into the ceiling and are sealed to the plenum space above the ceiling tiles to avoid plenum-related building code issues. The GB-AVSTOR5 also features a 1.5 in. NPT Pipe Coupler.

GB-AVSTOR4 replaces half of a standard 2 x 2 ft. false ceiling tile

GB-AVSTOR5 features 1.5 in. NPT pipe coupler to allow for easy pipe adapter integration

Multiple knockouts for ultimate flexibility

Plenum Rated False Ceiling Equipment Storage

GB-AVSTOR3, GB-AVSTOR4, GB-AVSTOR5

Specifications

Weight	Color	Weight Capacity
