MCS CONTROL BOX MOUNTING TRAY

Printing Spec:PS-001

The MCS Control Box Mounting Tray is currently designed to fit inside the Gamber-Johnson Dodge Durango, Chevy Tahoe, and Ford Utility Vehicle Specific console boxes. Installing the tray will require field drilling (2) 7/32" holes on each side of the Custom Console Box in the desired location to mount the tray. The tray has #10-32 threaded inserts for attaching the tray to the console box. It also has (4) #10-32 threaded inserts installed in the tray which are designed to fit a Whelen CENCOM control box. See page 2 for the drill template.

Product Mounting Disclaimer

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brakes lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with the original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
