

SkinnyBoard™ Mobile Keyboard

Thinnest Mobile Keyboard with Touchpad

7300-0033 (SB-87-TP)

The Skinnyboard™ is iKey's thinnest keyboard to date, measuring only half an inch deep. Its sealed, streamlined case and silicone rubber keys meet IP65 standards, making it fully resistant to spills, cleaning procedures and the elements.

Built for convenience and versatility in mobile computing applications, the Skinnyboard features an integrated touchpad, eliminating the need for an external pointing device. In addition, its red LED backlighting is ideal for nighttime or ambient-light use.

- Fully Sealed, IP65
