Bluetooth-Compatible Keyboard with Touchpad

iKey introduces the next innovation in Bluetooth®-compatible, wireless industrial keyboard. This fully-sealed keyboard is designed to meet NEMA 4X specifications, meaning it is resistant to dirt, water, ice and corrosives. The keyboard is submersible and easy to clean with disinfectants.

The compact design and internal Bluetooth® module makes the keyboard highly portable. In addition, its red LED backlighting is ideal for nighttime or ambient-light use. It is an ideal fit for mobile, material handling, food and beverage processing, medical, and other environments where rugged flexibility is a necessity.

- Industrial silicone rubber keypad
- Rugged ABS polycarbonate case
- Red LED backlight (three levels)
- Operates up to 30 feet from host
- 2-3 months battery life with typical usage
- VESA mount pattern for medical cart or vehicle mount with optional magnetic mount
- 1 year warranty by iKey
