

INSTALLATION INSTRUCTIONS

Product

7160-1324
Vehicle Base - Ram 2019+

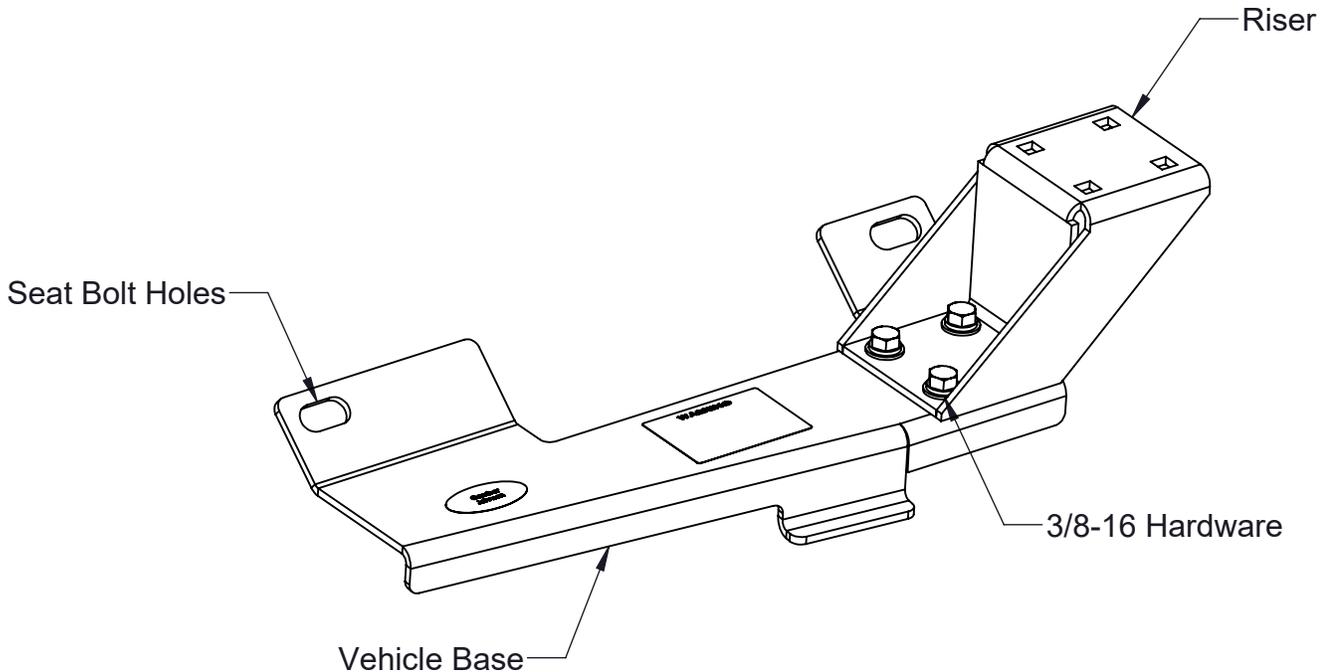

Revision

Rev A

Form

INST-907

Printing Spec: PS-001

These instructions cover the installation of the 7160-1324 Gamber-Johnson vehicle base in 2019 and newer Ram 1500 to 3500 model trucks. This vehicle base is not compatible with older body style 2019 model year 'Classic' trim level trucks.

To Install:

1. Remove the passenger seat trim to access the seat bolts.
2. Remove the front passenger seat bolts and loosen or remove the rear passenger seat bolts using an E12 external torx socket.
3. Place the vehicle base between the passenger seat rails and the vehicle's floor. Reinstall and tighten all passenger seat bolts.
4. Install the riser on the vehicle base using the 3/8-16 hex bolts, lock washers and washers provided in the hardware bag.

Product Mounting Disclaimer

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brake lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
