

# Y-HAND STRAP FOR THE SAMSUNG GALAXY TAB ACTIVE2

The Y-Hand Strap compliments your Samsung Galaxy Tab Active2 and provides a comfortable means to use your device. This hand strap connects securely to the retention points of the device, providing a slim and durable mobile solution. Please read the entire instruction booklet before beginning to ensure proper installation.

## FEATURES

1. Slot Connectors (x2)
2. Retention Cords (x2)
3. Metal Retention Hooks under Elastic Hook Covers (x2)
4. Buckle Loop (x2)
5. Hook Velcro
6. Loop Velcro
7. Hand Pad
8. Plastic Retention Clip

## INSTALLATION

1

Before installation, please remove the Tab Active2 and stylus from the outer case and set them safely to the side. The Slot Connectors (1) will be installed to the outer case.

2

Pull the Elastic Hook Cover back to expose the Metal Retention Hook (3). Thread the Retention Cord (2) through the stylus loop slot shown above. Then secure the Retention Cord (2) by looping it around the Metal Retention Hook (3).

3

Again, pull the Elastic Hook Cover back to expose the Metal Retention Hook (3). Thread the Retention Cord (2) through slots built into the outer case. **This will require the assistance of a small screwdriver (not included).** Feed the cord inward and then outward (as shown above). Then secure the Retention Cord (2) by looping it around the Metal Retention Hook (3).

4

With the Slot Connectors (1) installed, carefully install the Tab Active2 and stylus back into the outer case.

5

The Hand Pad Assembly (7) can now be secured to the Tab Active2. Start by feeding the Hook Velcro (5) ends through the two Buckle Loops (4) and the Plastic Retention Clip (8) in the positions shown above. Fold over the Hook Velcro and press it against the Loop Velcro (6) for a secure fit.

6

The Plastic Retention Clip (8) will be attached to the Tab Active2 where the outer case opens for the device charging pins. Hook the Clip (8) toward the Tab Active2 screen and press the clip down toward the back of the device. The Clip (8) may need to be adjusted slightly to match with the charging pin opening. If installed correctly, the Clip (8) will fit snug against the Tab Active2. Now your Y-Hand Strap is fully installed.

## TIPS FOR USE

1. The length of the Loop Velcro straps (6) can be adjusted to fit your hand size by changing the position at which the Hook & Loop Velcro is connected on the strap.
2. The Y-Strap does not need to be uninstalled in order to be used with a dock. The Plastic Retention Clip (8) can be easily disconnected from the Tab Active2 temporarily so the device can be placed in a dock.

## WARRANTY
