Zirkona Clevis Adaptor Plate

Revision

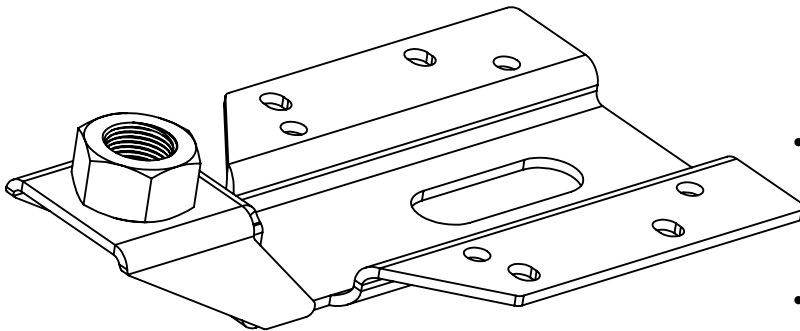

Rev A

Form

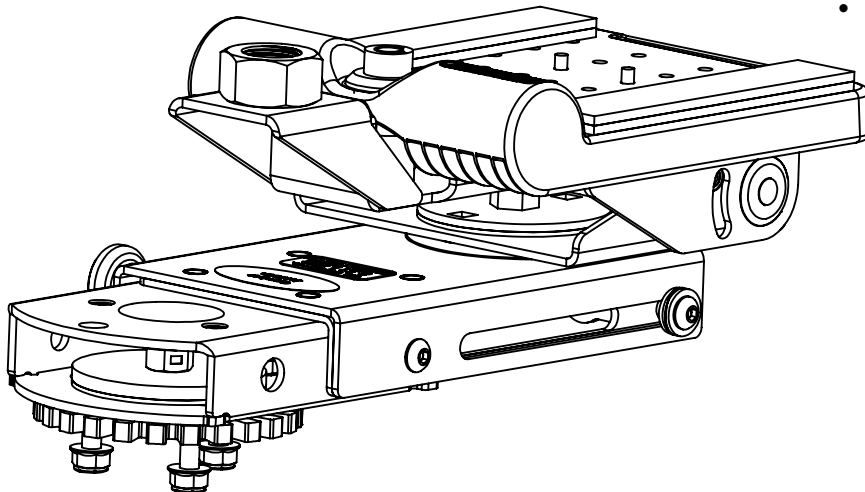

INST-1001

Printing Spec: PS-001

This instruction sheet is for the Zirkona Clevis Adaptor Plate. It was designed to give the user a Zirkona option to mount their lightweight device to a clevis and accommodate the use of Gamber-Johnson's quick-release keyboard mount (7160-0857) or the keyboard cradle (7160-1470).

**Attachment**

- The mount is designed to sandwich the top bracket of the clevis and QR Keyboard or Keyboard cradle.
- For mounting the QR keyboard use the 1/4-20 x .625 screws found in the hardware bag.
- For mounting the keyboard cradle use the #8-32 Nyloc nuts that were provided with the keyboard cradle.
- VESA 75 and the Gamber-Johnson 2 x 4 hole patterns are provided for mounting locations.

**Product Mounting Disclaimer**

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brake lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
