

## DOCKING STATIONS & CRADLES FOR SAMSUNG MOBILE DEVICES

Secure your tablets and other devices with a Gamber-Johnson cradle or docking station. Cradles keep your device safe and secure without port replication, while docking stations replicate the device's ports for easy and secure access. Either way — we have a solution that will meet your needs in the most secure, ergonomic configuration possible.

### SAMSUNG GALAXY TAB ACTIVE2/ACTIVE3 CRADLE

The Gamber-Johnson cradle is the ultimate choice for users who want to keep things simple. At just 0.46 lbs, the cradle keeps the tablet safe and lets users access all the features they love. The camera, stylus, and all tablet ports can be used while the device is safely docked in the cradle. If needed, you can even lock the cradle for extra tablet security.
