

# PANASONIC TOUGHBOOK® 20 LAPTOP DOCKING STATION

Engineered for demanding work environments in utility, public safety, and material handling

This Gamber-Johnson Laptop docking station is designed to work with the Panasonic Toughbook® 20 and G2 tablet computers with attachable keyboard. Position the computer in tablet or laptop mode and remove the computer to use outside your mobile office. The docking station offers full port replication to support a mobile office environment and the keyed lock provides additional security to protect your investment.

WEIGHT	HEIGHT	WIDTH	DEPTH
5.0 lbs. / 2.8 kg	3.0 in / 7.6 cm	11.4 in / 29.0 cm	10.9 in / 27.7 cm

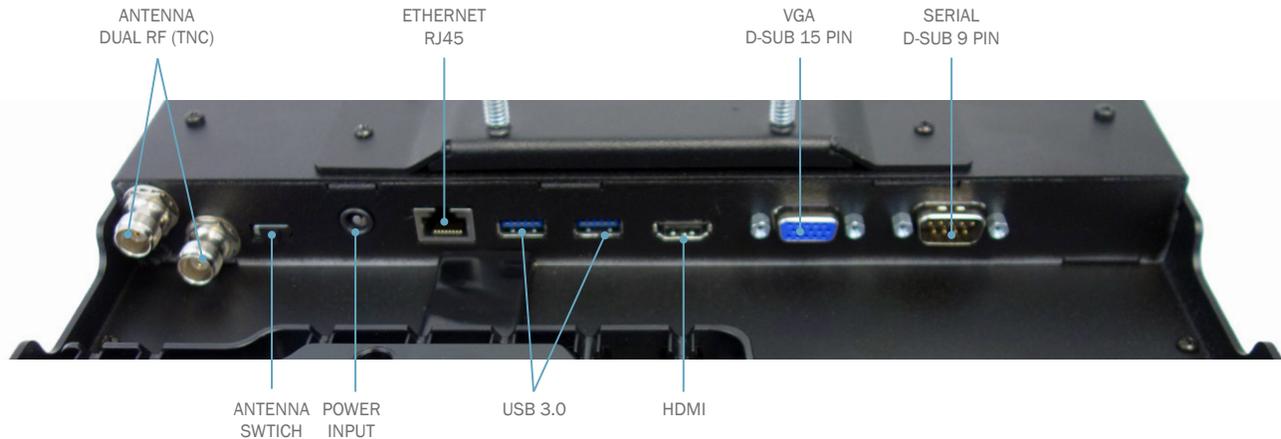

## Features

- Compatible with the Toughbook 20 and G2 tablet computers with attachable keyboard
- Panasonic Certified electronics
- Spring-loaded cover protects docking connector when computer is not docked, automatically retracts for superior protection
- Special docking connector pin protection – helps to prevent accidental pin damage by providing additional protection around and in between each docking pin
- Can be used in either laptop or tablet orientation.
- Composite/aluminum design for reduced weight and durability
- Designed with rounded edges to enhance personal safety
- Rear-facing I/O ports; integrated cable strain relief and cable management system
- Access to all notebook control buttons and ports while the notebook is docked
- Keyed lock for theft deterrence. NOTE: The lock secures the Toughbook 20 keyboard and tablet, secures only keyboard for the G2.
- VESA 75 mm mounting pattern
- 3-year limited warranty
